

4th AMR Conference 2020

Pre-Conference Satellite Meeting, 11th March 2020, Hotel ODELYA, Missionsstr. 21, Basel

Promoting Innovative Antibiotic R & D in Switzerland

This event brings together protagonists of Antibiotic Research and Development from academic, industrial, political and funding organizations active in Switzerland. It is organized by the National Research Programme «Antimicrobial Resistance» (NRP 72), in collaboration with the National Centre of Competence in Research AntiResist, BaselArea.swiss and the Innovative Medicines Initiative.

The meeting's objective is discussing ways to facilitate technology transfer from academia to an industrial setting and to further the development of an attractive ecosystem, at national and international level, for bringing new antibiotics to the market.

Workshop 15:30 – 18:00

Part 1 15:30 – 16:45

Connecting politics, industry and academia in Switzerland
